### HUGE MAJORITY IS PILED UP FOR HIS THIRD TERM

Eight Democrats Pushed Out Of Congress by Landslide Of 'Straight Voting'

### ONLY TWO COUNTIES LOST

Both Houses of General Assembly Controlled By Republicans

(By The Associated Press)  
COLUMBUS, Nov. 4.—John William Bricker today amassed a record percentage of the gubernatorial vote as he became the first Republican in Ohio's history to win three consecutive terms.  
A Republican landslide which unseated eight Democratic congressmen and the secretary of state projected Bricker right in to the middle of the 1944 presidential campaign.

Brown Carries County with 1,075 Majority in Republican Sweep—Lightest Vote in Years Cast in Spite of Whirlwind Finish Put on Campaign

Fayette County was swept by a wave of Republican votes that carried every one of the party's candidates into office with majorities that were convincingly decisive on Tuesday's election.  
As predicted, the vote was the lightest for a general countywide election in many a day. Only 6,600 votes were cast for the head of the ticket as compared to 11,228 for president in 1940 and 9,488 in the last state election in 1938.

### Meandering Along the Main Stem

By WASH. FAYETTE

I just want to remind you, in case you are not aware of the fact, that if you have more than five tires for your automobile, you must dispose of them to Uncle Sam before you can obtain a gasoline rationing card—and you must register for gasoline rationing cards on November 12, 13, or 14.  
You see Uncle Sam figures that by requiring all persons who own more than five tires, to surrender the extras, it will create a huge stock pile of tires from which tires can be drawn to help keep America generally on rubber until we lick the everlasting daylight out of the Japs, not to mention the Germans, Italians and a few other non-descripts.  
In Fayette County alone the number of surplus tires that will go into the stockpile is expected to reach many hundreds, and it is possible that several thousands may be turned in, as a great many used tires were purchased after the ban was placed on new tires.  
Arrangements have been made with the Railway Express Company to pick up the tires in the towns where the company operates, and of course in the rural areas it will be necessary to take the tires to the nearest express company office. The tires will be paid for on an established basis.  
I know you owners of extra tires will respond to this patriotic call uncomplainingly, and know that it is not only helping the other fellow through a tight place, but is helping win the war.  
I suggest that you turn in those extra tires, keeping the five best for yourself, immediately to those boys at the express office who will not be worked overtime at the last moment before gasoline rationing starts.

### VOTE CRITICAL OF WAR POLICY

### Ohio's Bricker and New York's Dewey Now Looked on as Presidential Timber

By WILLIAM L. BEALE

WASHINGTON, Nov. 4.—(AP)—The broad Republican climb in political powers tells in realistic figures that the Roosevelt administration's conduct of the war is not entirely to the liking of many Americans, particularly where it touches their every day affairs.  
This part of the election story is of more immediate importance than the strictly political aspects of yesterday's off-year balloting. The voting undoubtedly put such Republicans as Thomas E. Dewey of New York and John W. Bricker of Ohio in front positions as 1944 presidential possibilities. But months of fighting and working ahead of that day; the war may be won or prolonged on the policies effective meanwhile; policies in which the Republicans now will have a louder voice.  
What of farm price control methods which so many farm spokesmen in Congress have condemned? Republicans cut deeply into Democratic House seats in the Midwest farm belt. What of war production which many Republican campaigners assailed as inadequate? What of price-fixing, rationing, manpower control?  
These are only some of the federal activities which daily affect the average citizen. They are under continuing discussion and revision by the administration. A strong Republican voice at the Capitol in the new Congress will constitute the opposition which Wendell L. Willkie called for in the interest of improving the war's direction and speeding victory.

### OHIO CONGRESS DELEGATION IN HANDS OF GOP

### Eight Democrats Defeated In Tuesday Election To Increase Control

COLUMBUS, Nov. 4.—(AP)—Republicans today won 20 to 3 dominating control of Ohio's important delegation in the first elected war congress since 1918.  
Eight Democratic congressmen were defeated in Tuesday's balloting which gave Republicans the one at-large position and 19 of the 22 district seats in the 1943-44 delegation.  
George H. Bender, Cleveland Republican, who carried 80 of Ohio's 88 counties in winning reelection to the state's one at-large post, said "the election in Ohio conclusively establishes the firmness in the belief of the great value to democracy of the two-party form of government which has made the nation great."  
"Both parties and the entire nation can now forget the election and proceed to the great task before us of winning this war at the earliest possible moment."

Bender defeated Democratic congressman Stephen M. Young of Cleveland, who now is a congressman at-large like Bender. A reapportionment effective next year, however, eliminates one of the at-large seats.  
With war the chief issue in the congressional campaigns, Republican observers saw in the results approval of the stand of Republican congressmen since Pearl Harbor.  
All Republican incumbents seeking re-election were returned to office despite criticism of Democratic opponents that Republican pre-Pearl Harbor isolationism obstructed the war effort.  
Republicans answered the isolationism charges with assertions that they had cooperated fully since the United States entered the war, and they criticized the Democratic congressional majority for their legislative conduct of the conflict.  
Such veteran Democrats as Dow Harter of Akron, a five-term member, and Lawrence Imhoff of St. Clairsville and William Thom of Canton, both four-termers, were defeated. The other losing Democrats were Rep.-at-large Stephen M. Young of Cleveland, John Hunter of Toledo, Harold Claypool of Chillicothe, Greg Holbrook of Hamilton and Jacob Davis of Waverly.  
Only three Democrats were elected—Robert Cresser of Cleveland, now serving his 24th term.

Britain's desert armies were reported to have won the first major test in the new campaign in Egypt today, routing the Axis in a flaming six-hour tank battle and jeopardizing Field Marshal Erwin Rommel's entire position on the El Alamein front, 80 miles west of Alexandria.  
A bulletin from Cairo headquarters said the British 8th Army again thrust forward in two sectors along the 35-mile-wide front Monday night and yesterday after defeating Rommel's tank forces Monday.

### NORRIS WEEPS OVER 'FAILURE'

### 81-year-old Nebraska Senator Says 'I Have Failed' and Admits Defeat Final

WASHINGTON, Nov. 4.—(AP)—"It's all over now and I'm at the end of the road," 81-year-old Senator Norris of Nebraska said today, calling his defeat for reelection "a repudiation of 40 years of service."  
With tears in his eyes, he told reporters:  
"I have done my best to repudiate wrong and evil in governmental affairs. But I have to admit I have utterly failed."  
"I don't know why. I wasn't to blame."  
"The most important thing from my viewpoint is that righteousness has been crucified and the people I love have condemned the things I held most sacred."  
"Personally, I find it is a repudiation of 40 years of service. God knows I've tried to do the job. I know I have been honest. I've tried to place politics on a higher plane."

Norris, a veteran Independent who was defeated by Republican nominee Kenneth Wherry, added that he thought "it was a hard, sad blow to my philosophy of government," and that it seemed to be of little importance that it came at a time "when I know and everyone knows I'll never get back in."

### COUNTRY SWEEP BY REPUBLICANS AT ELECTIONS

### Control of House in Balance But Democrats Still Dominate Senate

### DEWEY WINS IN NEW YORK

### GOP Puts Governors in Four States Previously Held by Democrats

(By The Associated Press)  
Republicans swept Democrats out of office in the state governorships of New York, Michigan, California and Connecticut yesterday's wartime off-year election and cut heavily into administration majorities in Senate and House.  
Control of the House swung in the balance, although Democrats felt confident they would retain a working margin in the new Congress. They were sure of the Senate.  
Thomas E. Dewey, former Manhattan district attorney, increased measurably his 1944 Republican presidential nomination prospects by an easy victory over Roosevelt-endorsed John J. Bennett, Jr. for the empire state governorship, ending a 20 year Democratic reign at Albany.  
Mounting returns showed the Republicans had won seven new Senate seats and had a net gain of 22 in the House, with 104 races still undecided. They had won 14 Senate seats altogether, to the Democrats' 13, with seven races in doubt. The old Senate line-up is 65 Democrats, 29 Republicans, one Progressive and one Independent.  
An outstanding upset was the defeat in Michigan of Senator Prentiss M. Brown by his Republican opponent, Homer Ferguson. Brown, ordinarily an administration supporter, had recently piloted the administration's anti-inflation bill through the Senate.  
With 218 needed for a majority, the Democrats had won 178 House seats, Republicans 162, Progressives two and American-Labor one. Present House division is 264 Democrats, 166 Republicans, three Progressives, one Farmer-Labor, and one American-Labor.  
The Republican sweep engulfed 81-year-old George W. Norris, Nebraska Independent and New Deal supporter with 39 years service in House and Senate, who lost to Kenneth S. Wherry, Republican. Democratic incumbents lost out in Iowa, New Jersey, Michigan and Oklahoma, and the Republicans also picked up senatorships in Delaware and South Dakota formerly held by Democrats.  
Counting Maine, which elected in September, Republicans had won 13 Senate places, also electing their candidates in Oregon, Kansas, New Hampshire, Massachusetts and Illinois.  
Democrats had captured 13 Senate seats—10 in the South and one each in Rhode Island, Nevada, and New Mexico. A total of 34 Senate seats were at stake, including Maine.  
Of the 33 governorships (Maine elected a Republican September 14), the Republicans had won 15, gaining four from the Democrats, and were leading in the remainder.

### BRICKER BY 374,831

COLUMBUS, Nov. 4.—(AP)—Complete unofficial Associated Press tabulation of yesterday's vote for state office gave: (X—denotes incumbent).  
Governor—John W. Bricker (R-X) 1,085,828; John McSweeney (D) 710,997.

dential picture with a majority over former congressman John McSweeney that neared 370,000 votes.

Associated Press tabulations with only 18 of the state's 8,858 precincts missing gave Bricker 1,065,243 and McSweeney 696,894.  
On that basis, Bricker had garnered 61 percent of the total vote for governor. The previous record was his, set in 1940 with a majority of 364,467—or 56 percent of the total gubernatorial vote which that year was almost double Tuesday's balloting.  
Republicans gained control of Ohio's important congressional delegation 20 to 3; won all state elective offices and supreme court posts up for decision and obtained an overwhelming working majority in the general assembly.  
As the Republican tide rolled, Bricker to victory in the biggest political sweep for either party since the 1936 Roosevelt landslide, McSweeney conceded at 1:55 A. M.: "It is apparent that I am overwhelmingly defeated."  
George Bender of Cleveland paced the Republican congressional triumph by swamping Stephen M. Young of Cleveland for the one at-large position. Republicans and Democrats each have held 12 seats in the 77th congress, but the state lost one at-large position for the 78th congress due to a reapportionment.  
Political observers attributed much of the Cleveland landslide to "straight voting" of the GOP ticket.  
This was reflected in the defeat of secretary of state John Sweeney, Cleveland Democrat. Sweeney survived a Republican triumph in 1940, but was buried this year by Edward J. Hummel of Cincinnati, to whom victory came after 16 years of campaigning.  
Hummel, who has never been enthusiastically supported by the state Republican organization until after the last primary, lost to Sweeney two years ago.  
Sweeney's defeat left State Auditor Joseph T. Ferguson as the only Democratic elective office holder, the auditor, with a four year term, does not come up for re-election until 1944.  
Unofficial tabulations of house and senate clerks indicated that Republicans would have 101 representatives in the house to 35 for Democrats and would fill 25 or 27 of the senate seats. In the present general assembly, the house had 78 Republicans and 60 Democrats and the sen-

THE WAR TODAY

Battle of Egypt Develops Into Major Conflict of War With British on Offense

By DEWITT MACKENZIE

LONDON, Nov. 4.—With Lieut. Gen. B. L. Montgomery's break through Marshal Rommel's left wing, the battle of Egypt is swelling rapidly toward the crisis of what may be the decisive engagement in the struggle for control of the Mediterranean area.

This is no time for prophecy about the nature of Montgomery's assault and the strength apparently massed behind it warrant the belief that he is aiming at destruction of the Axis in northern Africa.

Keep your eye on this battle. It represents one of the major conflicts of the war.

The British commander is going about his task the direct and the hard way. If Montgomery's drive goes well—and it appears to be proceeding satisfactorily thus far—we may expect sensational developments.

One of these is likely to be a desperate effort by Hitler to save his servant by rushing air reinforcements to him.

And it may be assumed that the Allied high command has not just thrown Montgomery into this whirlpool and to sink or swim without further aid.

What has happened is this: Montgomery suddenly flung an infantry attack—preceded by heavy bombardment from artillery and the air and followed by tanks—against one of the strongest points in Rommel's left flank.

The ferocity of the British attack resulted in a break-through on a front of some 4,000 yards.

Rommel rushed a fleet of tanks into action in an effort to stem the advance, but the Allied air force smashed the concentration and sent those tanks which were not destroyed rushing for safety.

Should things go well with the Allied attack, a break-through may develop into flank movements which will result in the encirclement and annihilation of large forces of the enemy unless Rommel can avoid such traps.

Here we shouldn't forget that the Nazi marshal is one of the shrewdest captains in the war. You can't say that he is beaten until you have his scalp actually at your belt.

OHIO CONGRESSIONAL DELEGATION IN HANDS OF GOP—ELECTION WON

year in congress; former state Rep. Michael Feighan of Cleveland, who upset incumbent Martin L. Sweeney in the primary; and Michael J. Kirwan of Youngstown, elected to a fourth term.

Congressman-at-large George Bender, Cleveland Republican, won a third term by beating Young in the only state-wide race for Congress.

Returns from 8,093 of the state's 8,858 precincts gave Bender 846,094 and Young 625,665.

Ohio has had 24 seats in Congress since 1932, but a reapportionment this year reduced the delegation for the next session to 23—a congress-at-large position being eliminated.

The Republican sweep was the greatest party triumph since the Democratic landslide for President Roosevelt in 1936 gave the Democrats 22 of the 24 seats.

Rep. Thomas Jenkins of Ironton, who was elected this year to a tenth term, was one of the two Republicans who weathered that Democratic avalanche.

All incumbents were seeking re-election yesterday with the exception of Sweeney, beaten on Feighan's charge that he had failed to cooperate with the Roosevelt administration, and Reps. A. D. Baumhart, Jr., Vermilion Republican, and Robert Secrest, Caldwell Democrat. After being renominated, Baumhart and Secrest resigned to accept naval commissions.

Sweeney's wife, Marie, ran against Feighan as an independent in the 20th district race but placed third behind Republican Harry T. Marshall.

Republicans wrested control of Secrest's 16th district by electing P. W. Griffiths of Marietta over Charles Lynch, Woodsfield Democrat.

To The Public

I wish to express my sincere appreciation to the people of Fayette County for the support given me at the elections.

I congratulate Mr. Acton on his election. I request you to give to Mr. Acton the same excellent cooperation you have given me.

The biggest upset was in the 11th, which Republican leaders in Columbus had conceded to Claypool.

Dr. Walter E. Brehm, Logan dentist and a state representative, beat Claypool decisively. Dr. Brehm maintained that he would beat Claypool and promised in his campaign to support war-winning legislation and to work for economic recovery "so sorely needed in my section of the state."

Ohio's only congresswoman, wealthy Frances P. Bolton of Cleveland, won a second term over fiery James Metzbaum, a state senator who attacked her pre-Pearl Harbor voting record.

While the 18th district lost congressman Imhoff it regained a former congressman, Earl R. Lewis, who represented that district in 1939-40.

The man who defeated the veteran Harter is Ed Rowe, manager of an Akron oil and chemical company and president of city council there. His

# CHRISTMAS MAIL IS A CHALLENGE TO DEPARTMENT

Aid of Public Sought To Expedite Handling of Heavy Mail

Postmaster W. E. Passmore has received a communication from Postmaster General Frank C. Walker, addressed to all officials and postal personnel, regarding the handling of Christmas mail.

The communication follows, in part: "The Christmas season for domestic mails begins December 1. The exigencies of war are bringing many and varied problems. These will tax to the utmost the ingenuity, the resourcefulness, and the ability of every postmaster, every postal official, and every member of the Postal Establishment if we are to maintain the enviable record of the past. The difficulties we face constitute a challenge to our energy and skill.

"The demands upon the Postal Service are greater today than ever before. We are confronted with the gigantic task of handling the mails, both personal and official, for the members of our armed forces, and for business enterprises engaged in the production of war material—ships, tanks, planes and guns. This task cannot and must not be neglected. Current trends indicate, furthermore, that Christmas mailings will be the heaviest in many years.

"Thousands of our experienced employees are in the military or naval forces, more will be called, and replacements, when they can be secured, must be trained. There is already an acute shortage of personnel in many post offices. Trucks and other essential equipment are difficult, if not impossible, to obtain. Train service is irregular and railroad storage cars, in which the parcel-post mail is usually transported, are now largely diverted to war needs. These conditions will be aggravated by added traffic during the Christmas season.

"In the past it has been necessary to recruit more than 200,000 additional persons, and to obtain some 12,000 additional motor vehicles to handle the Christmas mails. To meet suc-

## URGES ALL ONE AND FIVE CENT COINS BE USED

Reserve Bank Head Asks  
Small Coins Be Put  
In Circulation

Fayette countians and in fact all citizens throughout Ohio and the nation are being asked to place their hoard of one and five cent pieces in circulation immediately to help provide an adequate supply of small change during the Christmas rush. It is an appeal to the patriotic side of every one who is holding one and five cent pieces in small banks, sugar bowls and other places.

The mints of the Federal Government are working 24 hours a day but are still unable to meet the tremendous demand for nickels and cents.

In discussing this situation, M. J. Fleming, president of Federal Reserve Bank of Cleveland emphasized that hundreds of tons of metals vital to the war effort are today being unnecessarily devoted to coinage. "This is," said Fleming, "because many people with genuinely patriotic impulses are actually and unwittingly doing an unpatriotic thing. As a banker I have always been an apostle of thrift. Far be it from me to advocate rifling the baby's bank as an indoor sport; but today we are at war, and a valued contribution to the war effort could be made if the piggy banks and sugar bowls were emptied of their contents, and such coin be used now for the purchase of War Savings Stamps or Bonds, or be deposited in banks, where it will be available for use by the business man."

"At this season of the year the Federal Reserve banks normally pay out many hundreds of tons of minor coin for the convenience of business men and their customers. The unnecessary accumulation of a large volume of coin in small amounts, individually, could easily reach embarrassing proportions."

While the amount of coin which is not serving its normal purpose cannot be accurately estimated, there is little doubt in the minds of competent judges that the sum runs into many millions of dollars. For some time past it has been necessary for Reserve banks to ration shipments of coin to banks for use of their customers—not because there is any shortage of such coin, but because so much of it is not now being put to normal use. Furthermore, the return to the channels of trade of coin now being withheld would release valuable metals which are vital to the war effort, and at the same time relieve the pressure on the United States mints.

## JOHN C. CANNON & SONS

Producers of Hybrid Seed Corn

4 Mi. E. of Jeffersonville on R. 734 — Phone 4432

Among the progressive business firms of this district, we find the John C. Cannon and Sons seed farm who have done much to increase the income of farmers of Fayette and adjoining counties.

Farmers who at first questioned the advisability of planting hybrids have learned from actual experience that there is no other way to reach the same goal.

However, in order to make the most profit, each farmer should

make sure that he chooses the hybrid best suited to his type of soil and method of farming. Again we find the seasons vary to such an extent that any hybrid must be closely tested over several years in order to bring out just which one is most dependable.

These facts have all been considered by John C. Cannon and Sons and we suggest that you allow them to supply your hybrid seed corn needs.

The range is too long to carry on a good argument, except to point out that the squad just picked for that All-Stars vs. Oshkosh game in Chicago includes five big ten players, three from other "major" conferences and the rest from colleges that definitely are "big time" basketball schools—Notre Dame, Toledo, Seton Hall, Long Island, etc.

## What You Buy With WAR BONDS

The "mosquito" boat, officially known as the motor torpedo boat, has given a good account of itself in this war against the Axis. These boats are an important adjunct to our two-ocean navy. They achieve a speed of 50 to 60 miles an hour.

Gen. MacArthur used these boats in his dash from the Philippines to Australia. These little speed demons cost money, about \$195,000 each. But you and your neighbor and your friends, each buying War Bonds at \$18.75 each will build up a total to buy them. Buy War Bonds every pay day. Top the quota in your county.

## SEASON OPENS FOR PHEASANTS ON NOVEMBER 20

### Sharp Restrictions on Trapping and Hunting Various Animals

Some important changes have been made in the 1942 hunting regulations, and in answer to the many inquiries relative to the reason for the five days later delay in opening the fall hunting season, Chalmers Burns, conservation officer for Fayette County, states there are two distinct reasons.

First, after three years of scientific research and data obtained by the Wild Life Research Bureau of the Ohio State University it has been learned that tularemia fever germs are practically all killed after six heavy frosts or freezes. Last year no cases were reported after the first week of hunting season. Second, farmers throughout the heavy soybean belt were much against hunters traveling through the unharvested fields so the delay will greatly benefit the farmer.

Open season on rabbit, Hungarian partridges and cock ring-neck pheasants starts November 20th, at 12 o'clock and closes each day at 6:30 P. M. After the first day no hunting before 8:30. Sunday closed on all game. The pheasant season closes 6:30 P. M. on December 5th while rabbits may be taken until January 5th, 1943.

Bag limits rabbits, 4 per day and 8 in possession after the first day. Partridges 4 per day and 4 in possession at any time. Cock-pheasants 2 per day and 4 in possession after the first day. Unlawful to have a dressed pheasant unless outside sex identity is apparent.

Mink and muskrats may be taken from November 20th to January 15th. Both dates inclusive, except traps must not remain open on Sundays and each trap placed must have a tag thereon with the name and address of the trapper. Each trap so placed or found open on Sunday constitutes a separate offense.

The raccoon, skunk and opossum open season from 6 P. M. November 20th, to January 15th, inclusive, except raccoon may be taken only from 7 P. M. to 7 A. M. No climbers or other devices for removing coon from dens permitted in the woods while hunting and only 2 raccoon per person or group of persons hunting together may be possessed while hunting. No traps permitted in ditch drains or other catchbasins if located on any road or lane, either private or public or any path commonly used by animals or people.

This is the first year that it is necessary for some member of the hunting party hunting raccoon or opossum or other furbearing animals to carry and exhibit a white light visible all around the horizon for a distance of 1-4 of a mile, at all times while in the woods or field at night.

Hunting license required of every person regardless of age unless such person is the owner. (if a resident of Ohio), share-crop tenant or farm manager or their children, on the lands upon which they are hunting. Every licensed hunter must carry their hunting license and display on the outside garment, an identification tag bearing their license number, said tag must be the one as furnished with the license. This applies to trappers and night hunters as well.

Persons buying fur must first acquire a free permit from the Columbus Office to do so. Non-resident buyers must pay a fee of \$50 for such permit.

Under a new ruling just established this year, all pet raccoons or other fur-bearing animal legally taken and kept in

## Most Valuable Player Title Given Joe Gordon

By JUDSON BAILEY

NEW YORK, Nov. 4.—(AP)—Joe Gordon, the great second baseman of the New York Yankees, has been named the most valuable player of the American League for 1942, preserving the tradition that this coveted annual award usually goes to a member of the pennant-winning club.

Since the Baseball Writers Association of America took over in 1931 the task of selecting the most valuable player, there have been few breaks in the tradition and none at all in the last four years.

Gordon's performance this year was the best in his five seasons with the Yankees. He unquestionably was a powerful factor in the Bombers winning their sixth pennant in seven years.

Gordon was given 12 first place votes and received a total of 270 points while Ted Williams of the Boston Red Sox, winner of the "triple crown" for leading the league in batting, home runs and runs batted in, finished with nine first place votes and 249 points.

Williams' teammate, Johnny Pesky, rookie shortstop star, polled two first place votes and 143 points. The other first place ballot also was cast for a rookie shortstop, Vernon (Junior) Stephens, of the St. Louis Browns, who rated fourth, three points behind Pesky.

It was the second straight year in which Williams has been named one of the most valuable players. He ran a close second in 1941 to Joe DiMaggio of the Yanks. DiMaggio dropped to seventh in the committee's rat-

ing of American League players with Pitchers Ernie Bonham of the Yanks and Tex Hughson of the Red Sox above him.

Others in the top ten selections were Stan Spence of Washington, Phil Marchildon of the Philadelphia Athletics and Lou Boudreau of Cleveland.

### Wooster-Denison Game Spotlighted

WOOSTER, Nov. 4.—(AP)—Denison and Wooster—the schools which clashed in Ohio's first intercollegiate football contest 53 years ago—continue their gridiron rivalry here Saturday.

The big Red tied for Ohio Conference leadership with John Carroll and Ohio Northern, have won three and tied one. Wooster has won four and lost two.

### Scoring Honors Of National Pros Near for Dudley

CHICAGO, Nov. 4.—(AP)—The romping feet of Bill Dudley, the Pittsburgh Steelers' freshman back, may carry the former Virginia all-America to the best national football league ground-gaining mark since Cliff Battles went 874 yards for Washington in 1937.

Rampaging Bill has clicked off 524 yards in seven games this year, and already has surpassed the 1941 high of 486 yards by Clarence Manders of Brooklyn.

Now averaging about 75 yards a game, Dudley could carry on at that pace and finish with 825 yards for the year, considerably under the present league record of 1,004 yards set in 1934 by Beattie Feathers of the Chicago Bears.

## Illini May Upset Wildcats in Top Game of Big Ten

EVANSTON, Ill., Nov. 4.—(AP)—Northwestern's Wildcats, who stamped a 27 to 0 defeat on Bob Zuppke in his farewell game as Illinois' football coach last season, may get the same rough treatment from Zuppke's successor, Ray Eliot and his rejuvenated Illini this Saturday.

A game which in early season appeared a cinch for the favored Wildcats now looks like under-rated Illinois' chance to get back in victory stride after two straight losses. The Illini have won four this year.

Northwestern lost to the Iowa Seahawks, decisively. Texas' touted Longhorns, 3 to 0, then lost to Purdue, Michigan, Ohio State and Minnesota. Otto Graham, handicapped by a foot injury, will be back in the firing position this week which will give Northwestern a passing edge over the Illini. Eliot's ace passer, Dick Good, yesterday was declared definitely out of this week's action because of injuries.

The rest of the league is slated for non-conference activity Saturday. . . . Michigan plays Harvard. . . . Ohio State hopes to regroup its Wisconsin-dulled strength against Pitt. . . . Purdue has recalled end Charles Harris to quarterback and has handed right halfback Walter Cook the signal-calling assignment for its clash with Great Lakes' revived Sailors.

Minneapolis reports that Bill Daley is running better than at any other time in the last three weeks, which is not good news for Indiana. . . . Bo McMillin's "pore little boys" must face a Minnesota machine which again scents a portion of the Big Ten crown and is feeling plenty tough. . . . Coach Harry Stuhldre-

her warns his Wisconsin team "we're in for a mighty tough afternoon" Saturday against the Iowa Hawkeyes, who still nurse title hopes and see no better way of fostering them than by hanging an upset defeat on the leading Badgers.

The word "dollar" is a modified form of "thaler."

THANKS

I am proud of the 850 written votes I received.

## Treaders and Dairymaids Win Ladies' League Matches

The Hawkson Treaders made it three straight in their match with the Gradale Betas in the Ladies League bowling Tuesday night on the South Main Street alleys in spite of a 149 to 118 handicap while Light's Dairymaids were taking two out of three from the Farmerettes with a 9-pin handicap.

The Treaders held an edge of 160 pins in the 2300 to 2140 totals, largely by virtue of the sharpshooting of L. Warfield who hit the ducks for 170, 200 and 144 for a three-game total of 514, the outstanding bowling of the evening.

The match between the Farmerettes and the Dairymaids provided the interest and the closest competition, with the Dairy

Maids holding a margin of less than 100 pins in the totals. These two teams also met on almost even terms so far as handicaps are concerned.

Don H. Ebricht, Republican, got 4,110 to beat Herbert S. Duffy, Democrat, with 2,035 for the county's support for attorney general.

The county went for George H. Bender, Republican, for congressman-at-large, against Stephen M. Young, Democrat, 4,008 to 2,117.

The election, in its broader aspects, admittedly had some of the political wisecracks. While few expressed surprise at the general trend because Fayette County always has been considered normally Republican. There were fewer "scratched" ballots than most had expected, especially in the county races where partisan politics usually cut little figure.

That the vote was light was no surprise. It was just about two-thirds of normal and that was what had been predicted by some of the most competent observers.

No explanations were offered for any of the unexpected results.

The lack of public interest in the election was reflected in the decreased number of telephone calls that came into the Record-Herald office asking for results.

There was a sizeable crowd, however, outside in South Fayette Street that stayed until long after the ultimate outcome of every contest was clinched. The

## GRAIN MARKET

## NEWS SUMMARY

CHICAGO, Nov. 4.—(P)—A break in the rye pit, which sent all contracts to new seasonal lows, dampened post-election enthusiasm in the grain market today.

All grains opened on fractional gains, and wheat was up 1/4c at one time, as professional traders responded to the election returns. After the first hour, however, the weakness in rye became acute, and prices in other pits fell off in sympathy.

The December rye contract sold under 60 cents a bushel for the first time since October, 1941, when the price was 57 cents.

While it was said there was no immediate news to cause the break, grain men said demand for rye is small and supplies are twice as large as normal.

Rye closed on losses of 7 1/2-2c with December at 60 1/2-1/2c after hitting a low of 59 1/2c. Wheat finished unchanged to 1/4c lower.

December 12 1/2-1/2c. Corn was 1/4-1/2c higher, December 80 1/2-1/2c; oats advanced 1/4-1/2c, and soybeans were unchanged to 1/4c higher.

a loud speaker as soon as they were received.

The size of the vote was apparent early in the evening when the first returns began to come in less than two hours after the polls had closed. The last of the county's 44 precincts was in and tabulated before 11 P. M. Not for years has the count been completed before midnight and frequently it has been as late as 2 A. M. and 3 A. M.

# 'TRUTH MEETING' HELD TUESDAY BY ROTARY CLUB

Members Speak Their Minds About Club Activities on 'Surprise Program'

The Rotary Club enjoyed an unusual hour at the club luncheon Tuesday noon at the Country Club.

Announced as a "surprise" program it consisted of what might be termed an old fashioned "experience" meeting in which chairmen of various committees spoke their minds freely on what the club and club members should be doing.

Introduced by Dr. I. L. Pumphrey, program committee chairman, several committee heads gave short, snappy talks which created much interest. Those who took part in the discussion were Attorney Ray Maddox, Ray Brandenburgh, Forrest E. Hill, Carroll Halliday, Dr. W. H. Limes, W. J. Hilty and Walter Craig. At the close both Maddox and President Fred Rost made appropriate remarks.

President Rost announced that all Rotarians were to give at least nine hours service apiece to the Rationing Board when the issuing of gasoline rationing cards starts and time was assigned to each member for this purpose.

Webber French, a new member was present and welcomed into the club.

Harry Sain, who is identified with the safety and hygiene division of the Ohio Industrial Commission, is to be the featured speaker at next Tuesday's meeting.

## V. R. M'COY WINS TITLE TO 1,000 ACRES OF LAND

Case Had Been Involved In U. S. Court for the Past Five Years

An action filed in the U. S. District Court at Columbus some five years ago, by the United States Government against Valdo R. McCoy, involving ownership of 1,000 acres of land, formerly the Lincoln Kirkpatrick land in Pickaway County east of New Holland, has been dismissed, and title passes to the defendant, McCoy.

Word of the dismissal reached N. P. Clyburn, local attorney for McCoy, Wednesday morning.

The action was filed when the government sought to acquire title to the land to divide it into small tracts under the Farm Security Administration resettlement project.

It seems that McCoy had purchased the land after a court order had been issued providing for sale of the land, and the government sought to exercise an option on the land.

Considerable interest had attached to the case because of its unusual nature.
